The Day of Remembrance is commemorated nationwide to honor those who endured the Japanese American internment during WWII.

Our featured speaker is Ms. Judy Mundle, local author of "The Block Manager", a compelling account of JACL member Janice Koizumi. You do not have to read the book beforehand to enjoy this discussion.

Light refreshments will be served and we will provide paper and instruction to make origami cranes for Tsuru for Solidarity, which will take 120,000 cranes to the White House to represent each internee.
